

HEALTH WAIVER

As with the transmission of any communicable disease like a cold or the flu, you may be exposed to COVID-19, also known as "Coronavirus", at any time or in any place. Be assured that we have always followed state and federal regulations and recommended universal personal protection and disinfection protocols to limit transmission of all diseases in our studio and continue to do so.

Despite our careful attention to sterilization and disinfection, there is still a chance that you could be exposed to an illness in our studio, just as you might be at your grocery store, doctor's office, or restaurant. "Social Distancing" nation wide has reduced the transmission of the Coronavirus.

If you have been exposed to a communicable disease, you may spread the disease to the students, staff, and other clients in the studio. Therefore, prior to beginning class again, we will be asking the following questions to reduce the chances of transmission:

Although exposure is unlikely, do you accept the risk and consent to classroom instruction?

YES NO

Have you, your child or others accompanying you to the studio tested positive for or been diagnosed as having COVID-19 or any other communicable disease?

YES NO

Does your child have a fever?

YES NO

Does your child have a cough?

YES NO

Does your child have shortness of breath and/or trouble breathing?

YES NO

I fully understand and acknowledge the above information, risks and cautions regarding a compromised immune system and have disclosed to my provider any conditions in my health history which may result in a compromised immune system.
